

## New (and not so new) to Year 2

*Hosted by Bowling Park Primary School (Usher Street site)*

*Led by Sharon Day*

2018 – 2019

The teacher assessment statements (Standards and Testing Agency) for mathematics at the end of Key Stage 1 are changing for 2018-2019. During the three sessions, we will explore:

- ✓ the new assessment statements for the end of KS1 in mathematics and what the implications are for the teaching in year 2
- ✓ how to decide if a child is working at the Expected Standard and how to get them there
- ✓ how to decide if a child is working at the Expected Standard with Greater Depth and what it means for 'rapid graspers' to be working at Greater Depth
- ✓ key understandings that children need in order to develop as good mathematicians

This course will be particularly useful for teachers who are new to year 2 but will also benefit any year 2 teacher or manager of KS1 or mathematics.
